Hydra Tower by Daniel Jones follows the adventures of a brave young princess, Lavina, whose family comes under the protection of King Edwards, the ruler of the Kingdom of Grasen. After Lavina and her family move to Grasen, a ferocious hydra begins to attack the kingdom. Simultaneously, political instability and covert evils lurk in the background. Nonetheless, Lavina courageously decides to defend her new home despite the hydra's looming presence and attacks. During the story, King Edwards's son, Prince Malcolm, becomes trapped in a tower and needs rescuing. Lavina aligns herself with two powerful women, Wu-Jinqua and Jessie Valiant, in an attempt to save Malcolm and free the Kingdom of Grasen from the evils that seek to consume it. Will these three women succeed in their quest? Or will they end up the latest victims of the hydra's wrath?

Hydra Tower is a fast-paced fantasy adventure that takes the reader on an exhilarating and breathtaking journey. The novel has a slightly dark narrative tone, which catapults it to a completely new level of intensity and action. Daniel Jones is a master of creating imaginative and engaging action sequences. The novel is also full of well-drawn characters and a well-crafted fantasy world. The plot has everything, including thrills, intrigue, tension, and suspense. But, the aspect that captivated me the most was the collaboration between Lavina, Wu-Jinqua, and Jessie Valiant—the three fearless female main characters. These dynamic women aren't frail ladies in need of rescuing. They are the ones who do the saving—and they do it in style. Readers will fall in love with their boldness and unique skills. I thoroughly enjoyed this novel and look forward to binge-reading more of Jones's work. If you like epic dark fantasy tales with enchanting characters, Hydra Tower is a sure bet.
