For those who want to explore feminine spirituality and past life revelations, this book will certainly fascinate and inform you. The life of Mary Magdalene has been enveloped in mystery for two thousand years; sometimes vilified and other times honored for her role in the earliest days of Christianity. Through past life regressions conducted by the author, Mary Magdalene's life is revealed. As a child, she had healing powers and knowledge beyond her years. Her adult years, including marriage and children, enduring joys and sorrows, and teaching other women spiritual truths, are intriguing. The author also worked with a second woman, who had a past life as Tamar, Mary's daughter. The *Magdalene Lineage: Past Life Journeys into the Sacred Feminine Mysteries*, written by renowned regression therapist Reena Kumarasingham, is a must-read for anyone who wants to learn about this legendary woman and her teachings.

One of the most poignant aspects of this book is the author's thoughtful comparisons to other sources of information about Mary Magdalene and Tamar. She carefully portrayed the historical era, including the cultural and political climate. Her description of the Essenes matches other texts describing the beliefs and works of this group. She also adds the reasons why certain sects and the early Christian Church portrayed Mary Magdalene in derogatory terms, rather than as the spiritual teacher and healer she was. Although the book contains much historical data, it is easily read and understood by any curious reader. Author Reena Kumarasingham has written a well-crafted and intriguing text in *The Magdalene Lineage: Past Life Journeys into the Sacred Feminine Mysteries*. A wonderful book!

Author Biography

In 1998, I graduated in Psychology and Philosophy, hoping to pursue a career in psychology to help people heal. However, at that time, I felt I was not ready to serve in this capacity because I felt like something was missing. So I entered the corporate arena and worked in the media industry for 10 years.

All this changed in 2007 when I came across the Past Life Regression Academy. Combining proven real world psychotherapeutic techniques with holistic spiritual tools and philosophies, I was introduced to a modality that enabled deep diving into myself and my international clients for complete mind, body, spirit transformation. In 2012, I became a certified international trainer of the Past Life Regression Academy, training regression therapists in UK, US, Australia and Singapore.

I have authored a series of books that enable us to challenge the veils of illusion and to see the deeper aspects. My first book, Shrouded Truth offers new testimonials about the life of Christ through the past life accounts of eight individuals, backed by academic research. Following this vein, my second book, The Magdalene Lineage - Past Life Journeys into Sacred Feminine Mysteries, offers deep insight and inspiration into the Empowerment of the Divine Feminine. The third book, Divine Consciousness, challenges us to look deeply into our inner core and unveil the biggest shrouded truth of them all - our own glorious divinity.
